

Northern Sonoma County Fire Protection District
Invites you to join us for a

Community Facilities Workshop

Saturday, November 1, 2025 1:00 pm – 4:00 pm

at the **Geyserville Fire Station**

To find more information, and/or join the District's electronic distribution list, please visit the District's website.

www.northernsonomacountyfire.org

Written questions, comments and ideas can be submitted online or mailed to:

**Northern Sonoma County Fire
Protection District
Box 217, Geyserville, CA 95441**

You can also share your thoughts, ideas and comments directly with our Facility Planner by phone or email:

Dreiling Terrones **Architecture**
Martin Dreiling
md@dtbarch.com
707 431 1305

The Geyserville Fire Station is located at:

**20975 Geyserville Avenue
Geyserville, CA**

If you are unable to join us, we will be presenting conceptual plans on the District website and will have materials available upon request.

The Northern Sonoma County Fire Protection District has begun working on a **Long-Term Facility Improvement Plan**. This Plan will explore necessary improvements to existing District stations, consider adding stations and other facilities where needs exist, and anticipate future needs.

The Long-Term Facility Improvement Plan is the result of the **2024 Strategic Plan** that was updated last year. The Plan is focused on the **“building”** portion of the Strategic Plan, and will set the pattern of growth and expansion for the District physical plant for the next 25 years.

Please join us for a presentation and a community conversation about where we're headed.

All District Landowners and Neighbors are invited.
